We will advertise it through our lists and by getting word to Louise Sandberg for her newspaper column. Anne will design signs and Steve will have them laminated for posting winter hours and for the special December 18 hours.
- 6) Programs

December 11 Tree ID program with Mike Scott. Posters are up, emails are out.

Susan Morse will do two programs in February. Wednesday, Feb 2, will be a slide show for a large audience at either the Town Hall or the Waits River School. Penny is going to check on the availability of the school. If not at the school, we need to find a PA system to use at the Town Hall. The second event is Saturday, February 5, and it will include a morning and an afternoon tracking session. It will be in two separate locations, with the possibility that the Bradford Conservation Commission will co-sponsor. Tenney Road will probably be the site of one of the sessions.

Linda Tobin moved, and Shari Tkac seconded the expenditure of \$225 as a deposit.

Mark Breen from the Fairbanks Museum will do a program on Weatehr Lore at the Town Hall on Saturday, March 12 at 7:00 p.m.

Scott Darling from Vermont fish & Wildlife will do a program on the plight of bats on January 21.

7) Town Forest. Sue Shea will be traveling to Idaho, and when she returns in January, a closing will be scheduled to transfer her property on Wilson Road to the town as our first town forest.

8) Next meeting will be January 3, 2011. Ginny will be gone. Vice-chair Anne Margolis will preside.

Meeting adjourned at 8:05.
