Re: Sleep Studies and Consultations

The enclosed documents are required by insurance companies for prior approval. The Epworth Sleepiness Scale needs to be filled out by the patient for obtaining prior approval for the scheduling of appointments in a timely manner.

Please fax the following 3 documents to us at the time of the original referral:

- 1) Doctor's notes
- 2) Absolute and Relative Indicator
- 3) Epworth Sleepiness Scale - completed

Benefit: Quick scheduling of all patients from the time of referral.

Thank you for your cooperation in this matter. It is a pleasure to work with you toward improved patient care.

Thank you,

Ray Paquette, RPSGT
President
